Safety Data Sheet

Section I - Identification

Product Name: ClaraVie Fast-Acting Odor Eliminator
Manufacturer: Derma Sciences Canada Inc. (Gentell Canada)
Address (Number, Street, City): 104 Shorting Road
Toronto, Ontario
M1S 3S4, Canada, Tel: 1-800-840-9041
Date Prepared: 07 APR 2026

Section II - Hazards Identification

Overview: A personal care product that is safe for use by consumers under all normal and intended circumstances. Works fast to eliminate biological odors caused by urine, feces, vomit and necrotic tissue. May also be used for other odors caused by molds, fungi, bacteria and smoke. The ingredients in this material are not listed as irritants or carcinogens by IARC, NIP, OSHA, or ACGIH.

Potential Health Effects:

Eyes: No hazards identified
Skin: No hazards identified
Acute Health Hazards: No hazards identified
Chronic Health Hazards: No hazards identified
GHS Hazard Symbols: Not Applicable
Signal Word: Not Applicable
GHS Hazard Classification(s): Not Classified
Hazard Statement(s): Not Applicable
Prevention Statement(s): Not Applicable
Response Statements(s): Not Applicable
Disposal Statements(s): Not Applicable
Storage Statements(s): Not Applicable

Section III - Ingredients/ Identity Information

Chemical Name	CAS#/Codes	Weight
Water	7732-18-5	Confidential
Disodium EDTA	130-33-3	Confidential
Ethylhexylglycerin	70445-33-9	Confidential
Red 40	25956-17-6	Confidential
Fragnance	Proprietary	Proprietary
Phenoxyethanol	122-99-6	Confidential
Alcohol	64-17-5	Confidential

This product does not contain any ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 or WHMIS under the HPA.

Section IV—First Aid Measures

Eyes: Flush with plenty of cool water. Remove contact lenses and continue flushing with cool water. Obtain medical attention if irritation persists.

Skin: Flush with cool water. Obtain medical attention if irritation persists.

Ingestion: Do not induce vomiting. Never give anything by mouth if unconscious or convulsing. Obtain medical attention.

Inhalation: If symptoms develop, move individual to fresh air. Obtain medical attention if symptoms persist.

General advice: If individual feel unwell, seek medical advice. Avoid contact with eyes. Keep out of reach of children.

Section V—Fire Fighting Measures

Suitable Extinguishing Media:
Water spray, dry chemical, alcohol-resistant foam, or carbon dioxide (CO_2).

Specific Hazards:
No unusual fire or explosion hazards anticipated.

Protective Equipment for Firefighters:
Standard firefighting protective equipment.

Hazardous Combustion Products:
None known.

Section VI—Accidental Release Measures

Personal Precautions:
Avoid contact with eyes. Wear protective gloves and eye protection when cleaning large spills.

Environmental Precautions:
Prevent product from entering drains, sewers, or waterways.

Methods for Cleanup:
Absorb with inert material and place in a suitable labeled container for disposal. Wash spill area with water.

Section VII—Handling and Storage

Handling:
Use in accordance with good industrial hygiene practices. Avoid spraying directly into eyes.

Storage:
Store in original container at room temperature. Keep container closed when not in use.

Section VIII—Exposure Control and Personal Protection

Engineering Controls:
Normal room ventilation is sufficient.

Respiratory Protection:
Not required under normal conditions.

Eye Protection:
Safety glasses recommended for bulk handling.

Skin Protection:
Not normally required.

Hygiene Measures:
Wash hands after handling. Do not eat or drink while handling product.

Section IX- Physical/Chemical Characteristics

Color, Odor & Appearance: Red clear solution, fragnance smell
Typical Freezing Point: N/A
Consistency: Clear Solution
Initial Boiling Point: N/A
Flash Point: N/A
Flammability: No
Evaporation rate: N/A
Upper/Lower Flammability limits: N/A
Vapour Pressure: N/A
Vapour Density: N/A
Realtive Density: Around 1
Specific Gravity (H20=1): Around 1
Viscocity at 25°C: Water like

Section X- Stability and Reactivity

Reactivity: Not reactive under normal conditions
Chemical Stability: Stable
Conditions to Avoid: Mixing with other chemicals
Incompatible Materials: None known
Hazardous Decomposition Products: None known
Hazardous Polymerization: Will not occur

Section XI—Toxicological information

Likely Routes of Exposure:
Eye contact, inhalation, ingestion

Symptoms Related to Exposure:
Mild irritation of eyes or respiratory tract

Toxicological Data:

- Sensitization: No data
- Mutagenicity: No data
- Carcinogenicity: Not listed by IARC, NTP, OSHA
- Reproductive Toxicity: No data
- STOT (single/repeated exposure): No data
- Aspiration Hazard: No data

Section XII—Ecological information

Ecotoxicity: No data available
Persistence and Degradability: No data available
Bioaccumulation: Unlikely
Mobility in Soil: No data available
Other Adverse Effects: None known

Section XIII—Disposal Considerations

Disposal of in accordance with all applicable local and national regulations. Dispose of containers with care.
Dispose in accordance with 40 CFR part 261, if applicable.

Section XIV—Transport Information

DOT / IATA / IMDG:
Not regulated as a dangerous good.

UN Number:
Not applicable.

Section XV—Regulatory Information

OSHA HCS: Not classified as hazardous
WHMIS: Not controlled
TSCA: All ingredients listed or exempt
SARA Title III: Not applicable
CERCLA: Not applicable
California Proposition 65: No listed substances

Section XVI—Other Information

The information contained on this Safety Data Sheet is based on data available to Derma Sciences Canada Inc. currently and is believed to be accurate. It is offered solely for information, consideration, and investigation. Derma Sciences Canada Inc. does not claim this data to be all inclusive and extends no warranties, expressly or implied, makes no representations and assumes no responsibility as to the accuracy, completeness, or suitability of this information to a particular application of the substance covered in this Safety Data Sheet. For this and other reasons, Derma Sciences Canada Inc., does not assume responsibility and expressly disclaims liability for loss, damage or expense arising of or in any way connected with the handling, storage, use or disposal of this product.

The data on this Safety Data Sheet relates only to this product and does not relate to use with any other material or in any process. It is the user's responsibility to determine the suitability of the information for their purposes.
