Compressor Nebulizer System

The McKesson compressor nebulizer system is designed to convert liquid medicine into a mist by using compressed air technology. The compressor nebulizer system helps with the treatment of asthma, allergies and other respiratory disorders. It’s suitable for children and adults who need nebulized medicine and want a compact, easy-to-use nebulizer.

Features and Benefits

• Compressor forces air to the nebulizer
• Converts the prescribed medication into an aerosol of microscopic droplets that can easily be inhaled
• Lightweight (weighs less than 3 lbs.)
• Compact and durable making it easy to store and transport
• Able to deliver a consistent particle size of less than 5 microns
• Treatment times are fast and effective
• Can be used with McKesson Nebulizer Mask
  - Adult: #32642, #32643, #32644
  - Infant: #32641
  - Child: #32645
• Not made with natural rubber latex
