QUINTET AC™ Blood Glucose Meter

The Quintet AC™ blood glucose meter has been specially designed for the needs of clinicians concerned with patient diabetes management. Advances in technology provide features specially designed for a multiple patient environment; however, this product is also approved for use for self-testing. The system features auto-coding, which allows it to automatically calibrate using Quintet AC™ blood glucose test strips for quick and accurate testing. The product also features a large memory capability, minimal sample size, and an easy-to-read LCD screen with backlight.

Features and Benefits

- Auto-coding for quick and accurate testing
- Alternate test sites: fingertip & forearm
- Results in 5 seconds
- Large memory; capable of recording up to 500 tests
- Calculates daily, weekly and monthly averages to better monitor blood glucose levels
- Minimal sample size of 1 µL
- Easy-to-read LCD screen with backlight
- Ergonomic design and “glove grip” paddle strips
- 1,000 test battery life

Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

Never Compromise on Care™

With McKesson Brands, you’ll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them — making it even easier for you to provide the best care for your patients.
