500 N. 15th Ave. Lebanon, PA 17042 Tel: 717-274-9800 or 1-800-422-6844 Fax: 717-274-8985

SAFETY DATA SHEET

Cold-EEZE All Flavors

Section 1: Identification

Product Name: Cold-EEZE Zinc Lozenges

Company: ProPhase Labs, Inc. dba Pharmaloz Manufacturing, Inc.

500 N. 15th Avenue

Lebanon, PA 17046

Phone: 717-274-9800

In emergency call 911

For information about this SDS, use this department contact phone#: 1-800-422-6844

Section 2: Hazard(s) Identification

Hazard Classification: N/A

Hazard Statements: This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Description of other hazards: Zinc may inhibit absorption of certain medications.
If pregnant or breastfeeding, contact a healthcare professional

Health	1
Flammability	0
Physical Hazards	0

Section 3: Composition/ Information on Ingredients

Chemical Name	CAS#
Zinc Gluconate	4468-02-4
Acesulfame-K	55589-62-3
Isomalt	N/A

There are no additional ingredients present which, with the current knowledge of the supplier and in concentrations applicable, are classified as hazardous to health or environment requiring reporting in this section

Section 4: First-Aid Measures

Eye Contact: Check for and remove contact lenses. Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if piece or shard cannot be removed via rinsing.

Skin Contact: No known hazard

Inhalation: Choking or inhalation of pieces may occur as a physical hazard. Seek medical attention.

Section 5: Fire-Fighting Measures

Suitable extinguishing agents: Chemical extinguishers must be used

Special protective equipment for firefighters: Fire-fighters should wear protective equipment for general fire containment.

Section 6: Accidental Release Measures

Personal precautions: No personal hazards from finished product

Measures for environmental protection: Avoid mass release of material in runoff and contact with soil, waterways, drains, and sewers. Dispose of as food product

Measures for cleaning/collecting: Vacuum or sweep material and place in waste receptacle.

Section 7: Handling and Storage

Handling: No special precautions necessary for handling of product

Storage: Store in a cool, dry area away from direct sunlight, inhibited ventilation, and humidity to ensure longevity of shelf-life.

Section 8: Exposure Controls/Personal Protection

There are no exposure limits on contact with the finished product.

Section 9: Physical and Chemical Properties

Form: Solid

Odor: Sweet

pH: 5.8

Solubility in/Miscibility with water: Easily soluble in water

Section 10: Stability and Reactivity

Reactivity: Product is stable

Conditions to avoid: No specific data

Incompatible materials: No specific data

Hazardous decomposition products: N/A

Section 11: Toxicological Information

Acute toxicity: No listed active ingredients indicate LD50 in toxicological studies

Carcinogenic effects: No listed active ingredients are known or suspected carcinogens at finished product levels.

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: No known significant events or hazards

Section 13: Disposal Considerations (non-mandatory)

Waste Disposal: The generation of waste should be minimized where possible. Dispose of finished product waste as food product.

Section 16: Other Information

SDS date of preparation/update: 12/27/2022

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier assumes liability whatsoever for the accuracy or completeness of the information contained herein.

Final determination of suitability is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
