DAPTOMYCIN FOR INJECTION
SAFETY DATA SHEET

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY

Product Identifier
Product name: Daptomycin for Injection

Intended Use of the Product
Use of the substance/mixture: Pharmaceutical. Use only as directed. Refer to product insert for usage instructions and product information.

Name, Address, and Telephone of the Responsible Party
Supplier: Mylan Institutional LLC
1718 Northrock Court
Rockford, IL 61103 USA
1-888-825-4199
www.mylan.com

Manufacturer: Agila Specialities Pvt. Ltd. A Mylan Company
Opposite IIM, Bilekahalli
Bangalore, India

Emergency Telephone Number
Emergency number: +1 877-446-3679

2. HAZARDS IDENTIFICATION

Patients/Consumers: Please refer to the product information insert or product label for appropriate consumer-specific information about this product when used according to the physician’s directions. Pharmaceutical Agent – Handling of this product in its final form presents minimal occupational exposure risk.

Classification of the Substance or Mixture
Classification (GHS-US)
Acute Tox. 4 (Oral) H302

Full text of H-phrases: see section 16

Label Elements
GHS-US labeling

Hazard pictograms (GHS-US): ![warning]

Signal word (GHS-US): Warning
Hazard statements (GHS-US): H302 - Harmful if swallowed
Precautionary statements (GHS-US)
P264 - Wash hands, forearms, and other exposed areas thoroughly after handling.
P270 - Do not eat, drink or smoke when using this product.
P301+P312 - If swallowed: Call a poison center or doctor if you feel unwell.
P330 - Rinse mouth.
P501 - Dispose of contents/container in accordance with local, regional, national, and international regulations.

Other Hazards: Not available
Unknown Acute Toxicity (GHS-US): Not available

3. COMPOSITION/INFORMATION ON INGREDIENTS

Mixture

Additional Information: Sodium Hydroxide has been added for pH adjustment.

4.  
**FIRST AID MEASURES**

**Description of First Aid Measures**

**General:** Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice.

**Inhalation:** The risk of inhalation exposure is negligible when product is in its final packaged form. If exposed and become symptomatic, move to fresh air and get medical attention if symptoms persist.

**Skin Contact:** Basic hygiene and appropriate precautions should prevent skin contact. If skin contact occurs, wash affected area with soap and water for at least 15 minutes. Should skin irritation, allergic reaction, or rash occur, remove contaminated clothing (if required) and seek medical advice.

**Eye Contact:** The risk of eye exposure is negligible when product is in its final packaged form. If eye contact occurs, flush immediately with water for at least 15 minutes. If easy to do, remove contact lenses. Get medical attention.

**Ingestion:** Ingestion is not an anticipated route of exposure. If accidental ingestion occurs, flush mouth out with water and get medical attention.

**Most Important Symptoms and Effects Both Acute and Delayed**

**General:** Harmful if swallowed. Harmful if inhaled. Please refer to the package insert for more detailed information.

**Inhalation:** Inhalation is not considered a potential route of exposure.

**Skin Contact:** May cause mild skin irritation.

**Eye Contact:** May cause eye irritation.

**Ingestion:** Ingestion is likely to be harmful or have adverse effects.

**Injection:** Common side effects include nausea, vomiting, constipation, diarrhea, headache, dizziness, trouble sleeping, anxiety, or pain/redness/swelling at the injection site.

**Chronic symptoms:** Not available

**Indication of Any Immediate Medical Attention and Special Treatment Needed**

If exposed or concerned, get medical advice and attention. In the event of accidental injection, go immediately to the nearest emergency room.

5.  
**FIREFIGHTING MEASURES**

**Extinguishing Media**

*Suitable extinguishing media:* Not flammable. Use extinguishing media appropriate for surrounding fire.

*Unsuitable extinguishing media:* None known.

**Special Hazards Arising From the Substance or Mixture**

**Fire hazard:** Not flammable.

**Explosion hazard:** Product is not explosive.

**Reactivity:** Hazardous reactions will not occur under normal conditions.

**Advice for Firefighters**

**Firefighting instructions:** Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire.

**Protection during firefighting:** Do not enter fire area without proper protective equipment, including respiratory protection.

**Hazardous Combustion Products:** None known.

**Other information:** Refer to Section 9 for flammability properties.

6.  
**ACCIDENTAL RELEASE MEASURES**

**Personal Precautions, Protective Equipment and Emergency Procedures**

**General measures:** Avoid all eye and skin contact and do not breathe vapor and mist.

**For Non-Emergency Personnel**

**Protective equipment:** Use appropriate personal protection equipment (PPE).

**Emergency procedures:** Evacuate unnecessary personnel.

**For Emergency Personnel**

**Protective equipment:** Equip cleanup crew with proper protection.

**Environmental Precautions**

Prevent entry to sewers and public waters.

**Methods and Material for Containment and Cleaning Up**

**Methods for cleaning up:** For small quantities associated with normal therapeutic use, collect spillage and transfer to a closed waste container for disposal. For large or bulk quantities, after absorption with inert material, collect spillage by sweeping up spilled material and place in a labeled, sealed container for proper disposal.

**Reference to Other Sections**

See heading 8, Exposure Controls and Personal Protection. See section 13, Disposal Considerations.

7.  
**HANDLING AND STORAGE**
**Precautions for Safe Handling**

**Patients/Consumers:** Patients should adhere to the instructions provided within the product information insert or product label for appropriate consumer-specific information about this product when used according to the physician’s directions.

**Hygiene measures:** This SDS is for a pharmaceutical agent - Handling of this product in its final form presents minimal occupational exposure risk. In an occupational setting, handle in accordance with good industrial hygiene and safety procedures. Avoid contact with eyes, skin and clothing. Avoid breathing vapor or mist. Use appropriate personal protective equipment when handling and observe good personal hygiene measures after handling.

**Conditions for Safe Storage, Including Any Incompatibilities**

**Special rules on packaging:** Examine the vial for particulate matter and discoloration prior to administration. If the solution is discolored or contains solid particles (precipitate), do not use.

**Specific End Use(s)**

Pharmaceutical. Use only as directed. Refer to product insert for usage instructions and product information.

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Control Parameters**
For substances listed in section 3 that are not listed here, there are no established Exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including: ACGIH (TLV), NIOSH (REL), OSHA (PEL), Canadian provincial governments, or the Mexican government.

**Exposure Controls**

**Appropriate engineering controls:** Not generally required. Site-specific risk assessments should be conducted to determine the appropriate exposure control measures. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits.

**Personal protective equipment:** Not generally required. The use of personal protective equipment may be necessary as conditions warrant. Gloves. Insufficient ventilation: wear respiratory protection. Protective clothing. In case of splash hazard: safety glasses.

**Hand protection:** Wear protective gloves made from PVC, neoprene, nitrile, vinyl, or PVC/NBR.

**Eye protection:** In laboratory, medical or industrial settings, or operations in which airborne particulates will be generated, safety glasses with side shields are recommended.

**Skin and body protection:** In laboratory, medical or industrial settings, impervious disposable gloves and protective clothing are recommended if skin contact with drug product is possible.

**Respiratory protection:** When manufacturing or handling product in large quantities and dusts or particulates may be generated, maintain airborne concentrations below recommended limits. Workplace risk assessments should be completed before specifying and implementing respirator usage. NIOSH/MSHA approved respirators for protection should be used if respirators are found to be necessary.

10. **STABILITY AND REACTIVITY**

**Reactivity**  Hazardous reactions will not occur under normal conditions.
**Chemical Stability**  Stable under normal conditions.
**Possibility of Hazardous Reactions**  Hazardous polymerization will not occur.
**Conditions to Avoid**  Direct sunlight. Extremely high or low temperatures.
**Incompatible Materials**  Heat sources. Direct sunlight.
**Hazardous Decomposition Products**  Nitrogen oxides. Carbon oxides (CO, CO₂). Sulfur compounds.

11. **TOXICOLOGICAL INFORMATION**

**Information on Toxicological Effects - Product**
Acute toxicity: Oral: Harmful if swallowed.

12. **ECOLOGICAL INFORMATION**

**Toxicity**  Not available
**Persistence and Degradability**  Not available
**Bioaccumulative Potential**  Not available
**Mobility in Soil**  Not available

13. **DISPOSAL CONSIDERATIONS**

**Sewage disposal recommendations:** Do not dispose of waste into sewer.
**Waste disposal recommendations:** Dispose of waste material in accordance with all local, regional, national, provincial, territorial and international regulations.
**Additional information:** Contaminated sharps should be discarded immediately or as soon as possible in containers that are closable, puncture-resistant, leak proof on sides and bottoms, and appropriately labeled. Contact your local health department for referral to a Safe Syringe Disposal Program.

14. **TRANSPORT INFORMATION**

**In Accordance With ICAO/IATA/DOT/TDG**
**UN Number**  Not regulated for transport
**UN Proper Shipping Name**  Not regulated for transport

15. **REGULATORY INFORMATION**

**US Federal Regulations**

**Daptomycin for Injection**

<table>
<thead>
<tr>
<th>SARA Section 311/312 Hazard Classes</th>
<th>Immediate (acute) health hazard</th>
<th>Delayed (chronic) health hazard</th>
</tr>
</thead>
</table>

**US State Regulations**
Neither this product nor its chemical components appear on any US state lists.

**Canadian Regulations**

**Daptomycin for Injection**
Uncontrolled product according to WHMIS classification criteria.

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by CPR.

16. **OTHER INFORMATION**
Revision Date: 11/11/2015

Data sources: This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

Other information: This document has been prepared in accordance with standards for workplace safety. The precautionary statements and warnings included might not apply in all cases. Your needs may vary depending on the potential for exposure in your workplace.

Party Responsible For The Preparation Of This Document:
Mylan Global Environmental, Health, and Safety Department
Phone Number: 304-599-2595

This SDS has been prepared for occupational exposure and intended to address some end-user concerns; however, patients/consumers are also strongly encouraged to review the product information insert or product label for consumer-specific information about this product. Patients/Consumers: Refer to the package insert or product label for appropriate consumer-specific information about this product when used according to manufacturer's directions.

To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for completeness of the information herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
