

SUBJECT: REQUEST FOR MATERIAL SAFETY DATA SHEETS

Dear Healthcare Professional:

We have received your request for Material Safety Data Sheets for Bovie Medical Corporation products. Per the OSHA Hazard Communication Standard Section 1910.1200 (b) (6) v), these products are manufactured "articles" defined in the Standard as follows:

"Article" means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical (as determined under paragraph (d) of this section), and does not pose a physical hazard or health risk to employees."

Since Bovie Medical Corporation products fall under this definition, Material Safety Data Sheets are not required.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Kozloff", is written over a light blue horizontal line.

Rick Kozloff
Vice President; Quality Assurance/Regulatory Affairs
