

Verisk 3E

English:

3E verified with the supplier provided that no SDS has been created for this product.
3E will periodically contact the supplier to reconfirm no SDS is available.

Deutsch:

3E bestätigt, dass für dieses Produkt kein Sicherheitsdatenblatt (SDB) vom Lieferanten erstellt wurde. 3E wird regelmäßig Kontakt mit dem Lieferanten aufnehmen, um sich bestätigen zu lassen, dass (weiterhin) kein SDB erforderlich ist.

Français:

3E a vérifié avec le fournisseur approprié qu'aucune FDS n'a été créée pour ce produit.
3E recontactera périodiquement le fournisseur pour confirmer qu'aucune FDS n'existe pour ce produit.

Español:

3E ha comprobado que el proveedor no ha creado ninguna SDS para este producto. 3E contactará periódicamente con el proveedor para asegurarse de que no exista ninguna SDS disponible.

Italiano:

3E ha verificato che nessuna SDS è stata creata per questo prodotto. 3E contatterà periodicamente il fornitore per confermare che nessuna SDS è disponibile.

中文:

3E公司已与供货商确认，本产品没有SDS。 3E公司将会定期与供货商联系，重新确认本产品没有SDS。

SAFETY DATA SHEETS (SDS Sheets)

This is in reply to requests we occasionally receive for SDS Sheets for our products.

Our OTC pharmaceuticals and nutritional supplements do not contain any hazardous ingredients, and therefore are not required to have SDS sheets. Any applicable warnings regarding these products (e. g., keep out of reach of children) are printed directly on the labels.

SDS Sheets are required under 29 CFR 1910.1200, which is OSHA's Hazard Communication Act. Their purpose is to alert users to the hazards of any materials that they are using. Under the law, products containing any of the compounds listed in Sub-part Z of this law at a concentration >1% (and >0.1% for carcinogens) must have an SDS. Manufacturers of these products must provide them to their customers, and companies must distribute them to affected employees.

Section 1910.1200(b)(6), (1910.1200(b)(6)(v), and 1910.1200(b)(6)(vi)) of the HCS exempts from SDS requirements "Any drug, as that term is defined in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 *et seq.*), when it is in solid, final form for direct administration to the patient (e.g., tablets or pills); drugs which are packaged by the chemical manufacturer for sale to consumers in a retail establishment (e.g., over-the-counter drugs); and drugs intended for personal consumption by employees while in the workplace (e.g., first aid supplies)."

A statement issued by OSHA on January 3, 1994 that further clarifies the issue regarding liquid OTC pharmaceuticals and nutritional supplements states "Non-hazardous liquid drugs are not covered by the Hazard Communication Standard (29 CFR 1910.1200)," i.e., they are also exempt from SDS Sheets.

We believe that this clarifies the issue of SDS Sheets for Geri-Care products. Please call us if you have any additional questions.
