

SAFETY DATA SHEET (SDS)

1. IDENTIFICATION

Trade name: Gordofilm

NDC Number: 10481-3009-1

Product Number: 3009-1

Product Description: Clear solution with the characteristic odor of Flexible Collodion.

Manufacturer/Supplier:

Gordon Laboratories

6801 Ludlow Street

Upper Darby, PA 19082

gordonlabs@att.net www.gordonlabs.com

800-356-7870 or 610-734-2011 for product information

(See Sec. 16 for abbreviations and acronyms)

2. HAZARD(S) IDENTIFICATION

Label elements with precautions: For external use only. Do not use on moles, birthmarks, warts with hair growing from them, genital warts, warts on the face or mucous membranes. Do not use on irritated, infected reddened skin or if you are a diabetic or have poor blood circulation. If discomfort persists see your physician. Highly flammable. Keep away from fire or flame. Keep bottle tightly capped. Store at room temperature. Keep away from heat. Keep out of reach of children. If product gets into eyes flush with water for 15 minutes. Avoid inhaling vapors.

Classification system: NFPA/HMIS Definitions: 0-Least, 1-Slight, 2-Moderate, 3-High, 4-Extreme

NFPA ratings (scale 0-4)

Health = 1

Fire = 4

Reactivity = 0

HMIS ratings (scale 0-4)

SAFETY DATA SHEET (SDS)

Trade name: **Gordofilm**

HMIS ratings (scale 0-4)

Health = 2

Fire = 4

Reactivity = 3

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical characterization: mixtures

Description: Mixture of active ingredient listed below with additional component.

Active ingredient:

CAS# 69-72-7 Salicylic Acid	16.7 %
-----------------------------	--------

Additional component:

CAS# (mixture) Flexible Collodion	83.3%
-----------------------------------	-------

4. FIRST AID MEASURES

Description of first aid measures:

After inhalation: If inhaled, remove to fresh air. If breathing is difficult, seek medical advice.

After skin contact: If reaction occurs, rinse irritated area with soap and water.

After eye contact: Flush immediately with water for 15 minutes and get medical attention if necessary.

After swallowing: If swallowed do not induce vomiting, seek medical advice.

5. FIRE FIGHTING MEASURES

SAFETY DATA SHEET (SDS)

Trade name: **Gordofilm**

Suitable extinguishing agents: Normal extinguishers can be used (CO₂ powders, foams, halogens).

Special hazards arising from the substance or mixture: Highly flammable. Will be easily ignited by heat, sparks, and flames. Vapors can travel to source of ignition and flash back.

Advice for firefighters: For small fire use dry chemical powder. For large fire use water spray or fog.

6. ACCIDENTAL RELEASE MEASURES

Small spill: Absorb with an inert material and put the spilled material in an appropriate waste disposal.

Large spill: Toxic flammable liquid. Keep away from heat and sources of ignition. Stop leak if without risk. Absorb with dry earth, sand or other non-combustible material. Do not get water inside container. Do not touch spilled material. Prevent entry into sewers basements, or confined areas; dike if needed.

7. HANDLING AND STORAGE

Precautions for safe handling: Keep away from heat and sources of ignition. Do not breathe fumes or vapor. Avoid contact with eyes and skin.

Further information about storage conditions: Keep containers tightly closed and sealed until ready for use. Can be stored at normal temperature in a well ventilated area.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

General protective and hygienic measures: Avoid contact with eyes. Keep away from foodstuffs and beverages.

Personal protective equipment: Use safety glasses if eye contact could be likely.

SAFETY DATA SHEET (SDS)

Trade name: **Gordofilm**

Protection of hands: Wear gloves if applicable.

Material of gloves: Latex

Respiratory: N/A

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:

Form: Liquid

Color: Clear

Odor: Characteristic odor of Flexible Collodion

Boiling point: No data available.

pH-value: No data available.

Flash point: Not determined.

Explosion limits: Not determined.

Vapor density: Not determined.

Evaporation rate: Not determined.

Solubility: Insoluble or very slightly soluble in water.

10. STABILITY AND REACTIVITY

Chemical stability: The product is stable.

Conditions to avoid: Heat, ignition sources.

Materials to avoid: Oxidizing agents, alkalis.

Polymerization hazard: None

11. TOXICOLOGICAL INFORMATION

Acute toxicity: No data available.

SAFETY DATA SHEET (SDS)

Trade name: **Gordofilm**

Primary irritant effect:

On the skin: May cause skin irritation.

On the eye: Causes eye irritation.

Inhalation: Can irritate lung.

Ingestion: Harmful if swallowed.

Carcinogenicity: No data available.

12. ECOLOGICAL INFORMATION

Ecotoxicity: Data not available.

Precautions: Prevent surface contamination of soil, ground and surface water.

BOD₅ and COD: Not available.

Products of Biodegradation: Possibly hazardous short term degradation products are not likely. However, long term degradation products may arise.

Toxicity of the products of biodegradation: The products of degradation are less toxic than the product itself.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods: Dispose with waste according to federal, state and local environmental control regulations.

14. TRANSPORT INFORMATION

DOT Classification: Class 3: flammable liquid

Identification: UNNA: 2059 PG:II (Nitrocellulose, solution)

Special provisions for transport: Not available.

SAFETY DATA SHEET (SDS)

Trade name: **Gordofilm**

15. REGULATORY INFORMATION

OSHA: Hazardous (29 CFR 1910.1200 – Flexible Collodion)

Canada (WHMIS, Flexible Collodion): Class B-2 (flammable liquid, class D-2A (toxic).

16. OTHER INFORMATION

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
