STREP A TESTS

McKesson Consult Strep A tests are designed to aid healthcare professionals in the early detection of group A streptococcal antigen, commonly termed strep throat. The external positive and negative controls help produce accurate results. Consult Strep A test kits quickly identify the streptococcus organism and allow medical professionals to form an accurate patient diagnosis.

FEATURES AND BENEFITS

MFR# 4999 and 5003

- Results available in five minutes for quick patient diagnosis
- 97% sensitivity and 95% specificity to help ensure accuracy of results
- Available in both 25 and 50 count boxes, for caregiver convenience and economy
- Individually packaged and designed for single patient use
- CLIA waived for simple administration
- Not made with natural rubber latex

Satisfaction Guaranteed
If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.
